Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Cunningham indicated that all of the double patenting rejections will be addressed by filing a terminal disclaimer. The attorney pointed out that claim 20 does not fall under statutory double patenting but an obvious double patenting rejection and also would be overcome with a terminal disclaimer. The attorney will address the 112, first paragraph enablement of claim 23. The applicant will consider providing a review article to address the rejection of claim 23 under 112, first paragraph. The examiner recommends cancelling claim 23..
